*The before and after tax numbers relate to the provision for deferred tax on the unrealised capital gains or losses in the Company's investment portfolio. The Company is a long term investor and does not intend disposing of its total long term investment portfolio. Under current Accounting Standards, the Company is required to provide for the tax effects of any capital gains or losses that may arise on such a theoretical disposal, after the utilisation of any brought forward losses.

These figures do not include the effects of any dilution that would arise from the conversion of the outstanding Convertible Notes.

Yours faithfully,

Andrew Porter
Company Secretary
